

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

GENERAL REVIEW.

MR. REUBEN G. CHANDLER, *President of the Board of Trade of the City of Chicago:*

SIR:—I have the honor to hand you herewith the annual report of the Board of Trade of the City of Chicago for the year 1903, comprising not only the statistics which are directly related to the trade of Chicago in grain, provisions, live stock, hay, grass seeds flour, etc., but likewise valuable statistical information with reference to such articles in other principal markets, both domestic and foreign, essential to a correct understanding of the scope and character of the business transacted and fostered under the rules of this exchange, and promoted by the facilities which are here enjoyed for the economical and rapid distribution of the products of the great agricultural region of the Mississippi Valley to the consumer in all parts of the civilized world.

Our production of wheat in 1903 aggregated 637,822,000 bushels; of corn, 2,244,177,000 bushels; of oats, 784,094,000 bushels; of rye, 29,363,000 bushels; of barley, 131,861,000 bushels, showing a total yield of the principal cereals of, in round numbers, 3,387,317,000 bushels, valued on the farm at \$1,739,715,476, grown on 172,095,117 acres. Our crop of hay aggregated 61,306,000 tons; the yield of potatoes aggregated 247,128,000 bushels, valued at \$151,638,000, produced on 2,916,855 acres; the yield was 37,505,000 bushels less than that of the preceding year, but the value was \$17,527,000 greater, showing the largest valuation recorded in any year, and more than twice that of 1896.

The farm value of the chief cereals, of hay and of potatoes, raised in 1903, amounted to \$2,447,730,450. The crop of wheat was 32,241,000 bushels less than that of the preceding year, but its farm value was \$20,841,000 greater; its valuation was in excess of the value of the crop of any year excepting that of 1901. The crop of winter wheat aggregated 399,867,250 bushels, produced on 32,510,510 acres, valued at \$286,242,849; that of spring wheat, 237,954,585 bushels, produced on 16,954,457 acres, valued at \$156,781,977.

The crop of winter wheat raised in 1902 aggregated 411,788,666 bushels, produced on 28,581,426 acres; and that of spring wheat in the same year, 258,274,342 bushels, produced on 17,620,978 acres. The largest winter wheat producing state was Kansas, which harvested 83,316,044 bushels; then came Nebraska, Ohio, Pennsylvania, Oklahoma, Indiana, Missouri, California, Texas, Illinois and Michigan, in the order of their production.

The largest spring wheat producing state was Minnesota, which produced 70,652,597 bushels, valued at \$48,750,292; then came North Dakota with 55,240,580 bushels, valued at \$34,801,565, followed by South Dakota with 47,252,994 bushels, valued at \$29,801,565.

The average yield per acre in 1903 of winter wheat, was 12.3 bushels, and that of spring wheat 14.0 bushels.

Of our crop of corn, Illinois produced more than any other state, turning out 264,087,431 bushels, valued on the farm at \$95,071,475; then came Iowa with 229,218,220 bushels, valued at \$87,102,924, followed by Missouri with 202,839,584 bushels, valued at \$68,965,459; Nebraska with 172,379,532 bushels, valued at \$48,266,269; Kansas with 171,687,014 bushels, valued at \$61,807,325. It should here be observed that, although the corn crop of Kansas was less than that of Nebraska, its valuation was more than \$13,500,000 greater, owing to the exceedingly favorable location of this state with respect to important markets and to its occupying, in a special sense, the territorial center of the continent; then followed Indiana, yielding 142,580,886 bushels, valued at \$51,329,119; next came Texas with 140,750,733 bushels, valued at \$67,560,352. This state forging with remarkable celerity to the front, has increased her corn production enormously since last year, when it aggregated only 44,867,415 bushels; following, in the order of production, came Ohio, Kentucky and Tennessee. These great states which I have mentioned, poured into the lap of the nation the last year from their corn acreage, the sum of \$604,622,486. This fact alone is tremendously significant; when, however, considered in connection with the valuation of all the other great grain crops of the country, particularly of the central, northern, southern and western states, we may understand what are the perennial sources of the nation's prosperity; nay, more, when we reflect upon the vast and uncounted wealth of the mines in those regions, we are astonished by the magnificence of the domain

added to the country by the Louisiana Purchase, the celebration of which will be held in our sister city of St. Louis, and in which the great nations of the earth will participate; the effect of the Louisiana purchase, not only upon our prosperity, but upon the commerce and civilization of the world, is most impressive, particularly to the careful student of political economy. Throughout this unequaled expanse are planted not only crops of grain, supplying our own and foreign markets, but schools, universities and churches, insuring a population, industrious, law-abiding and God-fearing, living and striving under the inspiration of American citizenship—a splendid bulwark of the nation in both peace and in war. Napoleon, looking along the rapidly unfolding years and the unborn line of illustrious generations; and contemplating with rare prescience the boundless resources and growing greatness of this vast trans-Mississippi region, beheld a great and dominant people, who by their beneficent and civilizing aggressiveness, would become the foremost nation of the earth.

The population of Louisiana, Illinois, Missouri, Iowa, Wisconsin, Minnesota, Kansas, Nebraska, North Dakota, South Dakota, Texas, Oklahoma, Indian Territory, Oregon, Arkansas, Colorado, Wyoming, Montana, Washington, Utah, Nevada, California, Idaho, Arizona and New Mexico, States opened up by the Louisiana purchase, according to the census of 1900, aggregated, in round numbers, 28,000,000 souls, which then constituted about one-third of the population of the United States.

The area of the states comprised in this region, stretching from the Mississippi to the Pacific, aggregates 1,424,406,600 acres.

The total area of the states and territories of the United States, exclusive of Alaska and Hawaii, as given by the census of 1900, amounted to 1,900,947,200 acres, and in square miles, 3,622,933.

The production of wheat, corn and oats, in those states comprised in what is commonly known as the "Great Northwest," those states being Illinois, Indiana, Iowa, Minnesota, Wisconsin, Ohio, Michigan and Oregon, aggregated 1,471,083,332 bushels, valued on the farm at \$606,745,383; the number of horses, mules, milch cows, sheep, swine and cattle other than milch cows, on the farm in those states, on the first of January, 1904, was 56,448,137, valued at \$1,047,062,966.

Here and now, Mr. President, it is meet that we pay our tribute of respect to those profound and sagacious states-

men who drafted and put into practical operation the celebrated Ordinance of 1787, framed for the "Government of the Territory Northwest of the River Ohio," passed at the so-called critical period of American history, on the 13th day of July, 1787, by the Congress of the old Confederation sitting in New York, and which has passed into history as the most notable instance of legislation that was ever enacted by the representatives of the American people. Its provisions have since been applied to all the territories of the United States lying north of latitude $36^{\circ} 40'$, which now comprise the States of Iowa, Minnesota, Nebraska and Oregon.

August 7, 1789, the Constitution of the United States having then been adopted, Congress, among its earliest acts, passed one recognizing the binding force of the Ordinance of 1787, and adopting its provisions in the Federal Constitution.

This immortal document, against which the unscrupulous ambition and the recklessness of party strife surged and beat and beat and surged in vain, was the work of Manasseh Cutler and Nathan Dane, names indelibly inscribed upon the pages of their country's history, and who saw with prophetic vision the commercial, agricultural and industrial possibilities of this magnificent Northwest, stretching to the great valley of the Mississippi and beyond, and to the vast region bordering on the Great Lakes. These illustrious and patriotic statesmen, born of a hardy, adventurous and heroic ancestry, labored with a patriotic and pious zeal for the upbuilding of a great republic that should rest securely upon and in an industrious, ambitious, law-abiding and God-fearing people; they carried with them the fundamental principles of the Puritan stock from which they sprung, viz: that a truly beneficent citizenship must be founded upon religion, education, a participation in public affairs on the part of every citizen, arms for the common defense and an industry acting under and inspired by free labor—all stimulated by a profound desire to promote the general welfare; and a determination, unfalteringly sustained by a sublime courage, to hand down unimpaired to posterity the glorious heritage of the fathers and the countless blessings of a free people.

The Ordinance has well been described as having been a pillar of cloud by day and of fire by night in the settlement and government of the Northwestern States.

This inspired document, in its scope and power, in its lofty and patriotic purpose, in its profound and undeviating significance, is second only, in its relation to the welfare of the people, to the Declaration of Independence.

The latter was a sublime announcement in the face of the ages, the former caught up the pregnant and glorious inspiration and wrote it in letters of living light across the continent.

In 1830 Webster pronounced the following eulogium on the Ordinance of 1787: "We are accustomed to praise the law-givers of antiquity; we help to perpetuate the fame of Solon and Lycurgus; but I doubt whether one single law of any law-giver, ancient or modern, has produced effects of more distinct, marked and lasting character, than the Ordinance of 1787. We see its consequences of this moment, and we shall never cease to see them, perhaps, while the Ohio shall flow." Judge Timothy Walker of Ohio, in an address delivered at Cincinnati in 1837, said: "Upon the surpassing excellence of this Ordinance no language of panegyric would be extravagant." In short, it is one of those matchless specimens of sagacious forecast which even the reckless spirit of innovation would not venture to assail."

MARCH GRAIN REPORT.

The March report of the Bureau of Statistics of the Department of Agriculture shows the amount of wheat remaining in farmers' hands on March 1 to have been about 132,600,000 bushels, or 20.8 per cent of last year's crop, as compared with 24.5 per cent of the crop of 1902 on hand on March 1, 1903, and 23.2 per cent of the crop of 1901 on hand on March 1, 1902.

The corn in farmers' hands is estimated at about 839,000,000 bushels, or 37.4 per cent of last year's crop, against 41.6 per cent of the crop of 1902 on hand on March 1, 1903, and 29.2 per cent of the crop of 1901 on hand March 1, 1902.

Of oats there are reported to be about 273,700,000 bushels, or 34.9 per cent of last year's crop, still in farmers' hands, as compared with 36.9 per cent of the crop of 1902 on hand on March 1, 1903, and 30.6 per cent of the crop of 1901 on hand on March 1, 1902.

The following table shows the percentages of last year's crops of wheat, corn and oats on hand on March 1 for each of the principal grain-producing States:

CROP CONDITIONS ON APRIL 1, 1904.

The monthly report of the Chief of Bureau of Statistics of the Department of Agriculture shows the average condition of winter wheat on April 1 to have been 76.5, against 97.3 on April 1, 1903, 78.7 at the corresponding date in 1902, and 84.1 the mean of the April averages of the last ten years.

The average condition of winter rye on April 1 was 82.3, against 97.9 on April 1, 1903, 85.4 at the corresponding date in 1902, and 89.1 the mean of the April averages of the last ten years.

The following table shows the averages of condition of winter wheat and winter rye on April 1, the corresponding averages one year ago, and the mean of the corresponding averages of the last ten years:

Every convenience is provided in order that these enormous receipts may be promptly and economically cared for, and distributed in various forms and cuts to meet the varied demands of both foreign and domestic markets. There are more than 300 miles of railroad track within the area of the stock yards, and 25 miles of streets with pens and chutes and every conceivable contrivance for conducting this business, and for dispatching without delay train loads of product from the Union Stock Yards to the principal markets of the world.

It will be observed that the tonnage is increasing while the number of entrances and clearances is slightly decreasing. This is owing to the substitution of larger craft for those of smaller size, competition in the carrying trade compelling the construction of larger craft manned by a proportionately fewer number of hands than those employed in smaller vessels.

NOTE—Moneys amounting to \$16,808.29 stand to the credit of the Board of Trade on the books of Telegraph Companies.

Chicago, January 5, 1904.

To the President and Board of Directors of the Board of Trade of the City of Chicago.

GENTLEMEN:—In accordance with the instructions of the Finance Committee, we have completed a careful audit of the Financial Records of the Board of Trade of the City of Chicago, covering the period from January 8, 1903, to January 5, 1904.

All the records in the cash book, journal and ledger were proven correct. The cash balances, as shown in the hands of your Secretary and Treasurer, were checked and proven correct.

Vouchers were presented for all cash payments, properly approved by the Finance and Real Estate Committees.

We also certify that the foregoing report is correct in accordance with the records audited.

Respectfully submitted,

EVERETT AUDIT CO.,

By ERIC J. EVERETT, Secretary.

Chicago, January 7, 1904.

January 11, 1904.

Money amounting to \$16,808.29 stands to the credit of the Board on the books of the telegraph companies.

At the close of the fiscal year ended on the 4th day of January, 1904, there were no bills outstanding. Cash on hand, as per the financial statement hereinbefore submitted, exclusive of \$16,808.29 standing to the Board's credit on the books of the telegraph companies, was \$47,274.71, as against \$19,411.82 at the close of the fiscal year ended January 5, 1903, \$10,815.04 on January 7, 1902, \$20,713.37 on January 8, 1901, and \$5,787.59 on January 9, 1900.

Amount received for quotations during the year was \$41,804.48, as against \$39,608.44 during the year ended January 5, 1903, and \$11,264.46 during the year ended January 6, 1902.

The conditions which one year ago were embarrassing the efforts of the Board to protect its quotations by reason of the practical duplication of the same through the Open Board of Trade and their distribution thence to the public, have been corrected, and all matters in relation thereto adjusted satisfactorily.

The bonded indebtedness of the Board is \$1,240,000 due in the year 1927, bearing 4 per cent interest, payable on the first day of June and the first day of December of each year.

Disbursements on real estate account, exclusive of construction, interest and insurance, amounted to \$66,047.48.

Amount received from rentals, janitor service and electric lights, \$133,819.09; as against \$129,253.59 received in 1902, and \$118,-785.32 received in 1901.

Every office in the Board of Trade building is rented, and the building itself is in first-class condition in every respect.

The pro rata assessment for the ensuing year is fixed by the Board of Directors at \$50.

The membership of the Board numbers 1,792. The number of memberships transferred during the year was 153, yielding \$3,825.

The clearances of the Clearing House of the Board of Trade of the City of Chicago during the year last past amounted to \$72,118,163.74, and the balances \$22,273,221.15; as against \$83,590,507.50 and \$27,668,595.95, respectively, in 1902; \$74,-476,955 and \$25,341,536.87, respectively, in 1901; \$62,227,165 and \$22,821,234, respectively, in 1900; \$58,366,800 and \$20,597,-677, respectively, in 1899.

In our legal department our litigation against bucketshops has been vigorously pressed during the year. This has included an extensive litigation with George T. Sullivan. A suit brought in the State Court at Chicago by him to enjoin the Cleveland Telegraph Company and the Board of Trade from cutting off his quotations, was decided in our favor in the lower court, and again on appeal, by the Appellate Court. He also brought a suit at Pittsburgh against the telegraph companies to prevent the cutting off of his quotations; in this suit he was also defeated. Suit was then brought by the telegraph companies in the Federal Court at Chicago against him, in which Judge Kohlsaat enjoined him from

stealing the quotations. He perfected appeals to the Circuit Court of Appeals, which also decided against him. Subsequently contempt proceedings were instituted against him for violating this injunction, and he was fined \$300.00, from which he appealed to the Circuit Court of Appeals, which has not yet decided the case. Subsequently he was again adjudged guilty by Judge Kohlsaas of violating the injunction, and a warrant for his arrest was issued, but the officer has been as yet unable to find him, as he is concealing himself to avoid arrest. These suits demonstrate the effectiveness of this litigation against the bucketshops. It has resulted in the entire suppression of this irresponsible institution with its large private wire system and numerous branches.

Oscar M. Stone has been, by Judge Kohlsaas, adjudged guilty of contempt for violating an injunction previously issued against him, restraining him from purloining the quotations, and the question of his punishment has been taken under advisement.

A history of the litigation growing out of the efforts of the Board to establish its property right in its quotations and prevent their distribution to bucketshops, has recently been mailed to each member by order of the Board of Directors. A perusal of this circular will show that the Board has been uniformly successful except upon one issue, viz: whether the quotations did not originate from transactions of a gambling character. On this question some of the decisions have been adverse to the Board.

Of the courts rendering adverse decisions are Judge Adams, Federal Judge at St. Louis, and Judge Anderson, Federal Judge at Indianapolis. Both of these cases have been appealed to the Circuit Court of Appeals. The Circuit Court of Appeals of the Eighth Circuit rendered an opinion against the Board on this issue, but the case is now under consideration by the court on the Board's application for a re-hearing, and there is ground for the hope that the decision may be recalled. The case before Judge Anderson has been appealed to the Circuit Court of Appeals of the Seventh Circuit (Judges Jenkins, Grosscup and Baker), and a decision will soon be rendered by that court. Judge Thompson, Federal Judge at Cincinnati, also decided this issue against the Board upon an application for a temporary injunction, but since then more complete evidence has been taken, the case has been re-argued, and the judge has the question under advisement. Should any of these decisions be finally adverse to the Board, the Supreme Court of the United States will be asked to review the case. The counsel for the Board feels confident of a favorable outcome on this issue,

which, with the favorable decisions already obtained, would make the Board's victory complete in this litigation against bucketshops.

The legal expenses in the bucketshop litigation for the last four years, including counsel's fees, associate counsels' fees in other cities, court costs, stenographic fees, etc., have been \$50,946.76. The gross income from the sale of the quotations since April 15, 1901, when the contract with the larger telegraph companies was closed—less than three years—has been \$100,552.46.

A suit commenced in the Federal Court by Mr. Woods, of St. Paul, to recover \$400,000 damages against the Board by reason of his expulsion, has been disposed of favorably to the Board.

The suits involving the signing down of margins on July oats have been submitted to the courts for final hearing, and it is expected that the case can now soon be taken to the Supreme Court, where the question of the validity of the margin rule can be finally decided.

The personal injury suit brought by Albert U. Stager, an electrician in the employ of the Board, for \$25,000, by reason of the loss of his arm in the operation of the electric fan in the basement of our building, has been compromised on terms favorable to the Board, and dismissed.

The two suits brought by Charles R. and Albert O. McLain for \$50,000 damages, by reason of their expulsion from the Board, have been dismissed for want of prosecution.

In Memoriam.

NOTE.—Prior to the year 1820 no official records of the arrival of alien passengers were kept. It is estimated, however, that the total number arriving in the United States from the foundation of the government to the year 1820 was 250,000.

Up to the year 1856 no record was kept of immigrants in distinction from the arrival of alien passengers.

Of the number of immigrants arrived during the year ended June 30, 1903, there came from
 U'n'd Kingdom 68,947 Norway..... 24,461 China 2,209 Aus. Hungary 206,011
 Germany..... 40,066 Italy..... 230,622 Russia..... 136,093 Sweden..... 46,028

The total number of European immigrants for the last fiscal year was 814,507.

Of the total number of immigrants for the year, 613,146 were males and 243,900 were females.

The year ended June 30, 1903, has been the year of the greatest immigration.

Owing to the absence of law for the collection of statistics in relation to immigrants by railroads, those from the British North American possessions and from Mexico were not included from July 1, 1885, to June 30, 1895.

NOTE.—Up to 1850 only the aggregate valuations in the several counties were reported to the State officers, and from 1852 to 1857, inclusive, a few counties returned only the aggregates; hence the details of real estate and personal property valuations are not complete for those years. In 1867 and 1868 the details of valuation are not entirely correct, owing to changes by the operation of the equalization law. Since 1868 the valuations are as equalized. The total valuations in each of the several years are correct and official.

The valuations for 1873 as equalized are largely in excess of any previous year. In 1974 some changes were made in the manner of equalizing the assessments, resulting in reducing all the valuations, especially those of railroad property.

The valuations for 1890 and subsequent years are the one-fifth of the full fair cash valuations of property as determined by the Assessing officers, under the requirements of the Assessment Act of 1893.

The State debt, as noted, represents it as it stood on the 1st of January in each of the several years to 1869; in 1869 and 1870, as it stood December 1; in 1871, as it stood December 31; from 1872 to 1879, as it stood December 1.

NOTE.—From 1857 to 1862, inclusive, a lamp tax of half a mill to two mills was levied on certain portions of the city, and is included in the above total tax. The city debts as noted represents it as it stood on February 1 in 1857 to 1861, inclusive; on April 1 in 1862 to 1874, inclusive; and on December 31, since 1874. Valuations from 1875 to 1883, inclusive, are by the county assessment, as equalized by the State Board of Equalization; and in some of these years do not include railroad property. The city tax on railroad property for 1862 and 1863, something over \$100,000 for each year, is not included in the above total tax. The above figures for 1880 include the districts annexed to the city of Chicago July 5 of that year.

*These totals include for 1900, \$13,641,297, for 1901, \$15,622,257, for 1902, \$20,487,477, and for 1903, \$21,061,979 railroad property.

NOTE.—The area details are those of the British Board of Agriculture, the acreage yield since 1884 also being official; prior to 1884 the yields were estimated by the "Times" Commissioner and other authorities. The imports and exports are the official returns issued by the "Customs." The population estimates are from the statistical abstract of the United Kingdom: Flour is converted at the rate of 70 per cent. The rate of consumption for human food is reckoned at 5½ bu. per capita until 1880-81; since that date at 5¼ bushels. The bushel is the Imperial measure.

ANNUAL IMPORTS INTO THE UNITED KINGDOM.

An official return of the direct imports from foreign countries of Wheat, Maize, Barley, Oats and Wheaten Flour into each port of the United Kingdom during the calendar year 1903 and preceding four years.

Furnished by the Board's special foreign correspondent, Mr. George J. S. Broomhall, Fellow of the Royal Statistical Society.)

settlement.

SEC. 6. Upon the fulfillment or settlement of any contract, or upon the closing of any contract under the provisions of Section 5 of this Rule, deposits upon which have been made, and when the full adjustment of all differences relating to the same shall have been effected, the deposits shall thereupon be payable to the party depositing the same; and the joint indorsement of both parties upon the certificate shall be a sufficient authority to the party holding the deposit to pay the same to the holder of the certificate; or in case of a failure between the contracting parties to adjust and settle their respective claims upon the deposit within three (3) business days after the maturity of all contracts upon which the deposit is applicable, the matter in dispute shall, upon the application of either party to such contracts, be submitted to a select committee of three disinterested persons, members of the Association, to be appointed by the President, which committee shall, without unnecessary delay, summon the parties before them, and hear such evidence under oath as either may wish to submit touching their claims to the deposit, and shall by a majority vote decide, and report to the President of the Board, in writing, in what manner and to whom the deposit is payable, either wholly or in part; whereupon the President shall indorse on either the original or duplicate certificate an order for the payment of such deposits in accordance with the decision of said committee, and such order shall be a sufficient warrant to the party holding the deposit to pay the same in accordance with such order.

President
release.

Penalty for
refusal to
release.

In case any member neglects or refuses to indorse a certificate of deposit to the party entitled to receive the money thereupon when all contracts upon which the deposit is applicable are settled, and all money due upon such contracts has been paid, he shall be liable to a penalty of one per cent. per day on the amount of such certificates, for every day such refusal or neglect is continued; and for refusal to promptly pay such penalty, the party may, upon due complaint, be suspended from all privileges of the Board until the same is paid.

In case it should occur that by reason of changes in the market, or of delivery upon, or the settlement of a portion of the contracts upon which security has been deposited and to which such security is properly applicable under this Rule, that a larger sum remains on deposit than is contemplated by Section 1 of this Rule upon then existing unadjusted contracts between the parties, and either party to such contract should refuse to release such excess of deposit, the President of the Board is authorized, upon a representation of the facts and admission or proof that such excess ought to be released, to order such release and payment to be made to the party to whom it rightfully belongs, by the indorsement of an order to that effect on either the original or duplicate certificate or certificates issued for such deposits; *provided*, in case of such disagreement no surrender of the deposit shall be ordered pending any arbitration touching the rights of the parties under the said contract or contracts, or in case the party refusing to adjust the dispute shall signify his willingness to submit the matter to arbitration.

Excessive deposits, how released.

SEC. 7. In determining the value of property under this Rule, its value in other markets, or for manufacturing or consumptive purposes in this market, together with such other facts as may justly enter in the determination of its value, shall be considered irrespective of any fictitious price it may at the time be selling for in this market. Such value, for the purposes of this Rule, in case of disagreement, shall be determined by the Board of Directors, and communicated to the parties in interest through the President or Secretary.

RULE XXI.

REGULAR DELIVERIES.

SECTION 1. All deliveries upon contracts for grain or flax seed, unless otherwise expressly provided, shall be made by tender of regular warehouse receipts, which receipts shall have been registered by an officer duly appointed for that purpose. All such warehouse receipts shall be made to run five days from date of delivery on regular or customary storage charges, which regular or customary charges shall follow such warehouse receipts and be chargeable upon the property covered by the same, and shall be issued by such houses as have complied with the Rules of the Board of Trade and the Regulations and Requirements of the Board of Directors, and have been declared regular warehouses for the storage of grain or flax seed by said Board of Directors; and it shall be the duty of the Board of Directors, prior to the first day of July in each year, to inspect all warehouses, the proprietors or managers of which shall apply to have their receipts declared regular for delivery on contracts under the Rules of the Board of Trade, and no warehouse shall be declared a

regular warehouse unless it is conveniently approachable by vessels of ordinary draft and has customary shipping facilities, and unless the storage rates on all grain or flax seed in such warehouse in bulk and in good condition, shall not be in excess of three-quarters ($\frac{3}{4}$) of one cent per bushel, for the first ten days or part thereof, and one-fiftieth ($\frac{1}{50}$) of one cent per bushel for each additional day thereafter until from and after January 1st, 1904, when the additional daily rate of storage shall not exceed one-fortieth ($\frac{1}{40}$) of one cent per bushel so long as such grain or flax seed remains in good condition; and unless the proprietors or managers of such warehouse are in good financial standing and credit, and are carrying on and intend to continue to carry on the legitimate business of public warehousemen under the laws of the State of Illinois and in accordance with the Rules of the Board of Trade of the City of Chicago and the Regulations and Requirements of the Board of Directors and until the proprietors or managers of such warehouse shall file a bond with sufficient sureties in such sum and subject to such conditions as may be deemed necessary by the Board of Directors, under the Rules of the Board of Trade and the Regulations and Requirements of the Board of Directors in reference to warehouses.

**Shipments by

And furthermore, the proprietors or managers of such warehouse shall be required to sell their regular contract grades of grain or flax seed in the Chicago market only, and shall not ship any grain from any regular warehouse, of which they are proprietors or managers, except those grades which are denominated and understood to be "off grades"; *provided*, however, that the Board of Directors of the Board of Trade may, upon application, grant to such elevator proprietors or managers the privilege of shipping such quantity of grain from their elevators as will sufficiently relieve such elevators from being overloaded, or as will maintain the condition of such grain; and furthermore, the proprietors or managers of such warehouse shall be prohibited from buying grain at any non-competing points.

**Requirement

regular.**

Whenever application shall be made by the proprietors or managers of any warehouse to have the same declared a regular warehouse for the storage of grain and flaxseed under the provisions of this Rule (except in cases of renewal on the first day of July in each year, as hereinbefore provided) any grain or flaxseed that may be contained in said warehouse at the time of such application, shall be required to be removed from said warehouse, when after it shall have been graded and inspected according to its quality and condition then existing by the duly constituted authorities, such grain or flaxseed may then again be received into said warehouse and receipts issued therefor shall be registered and dated upon the day when such grain or flaxseed is again actually received into said warehouse.

**Supervising
inspector.**

The chief inspector of grain of the State of Illinois may, upon request of the Board of Directors of the Board of Trade, appoint a

supervising inspector who shall so supervise the storage and distribution of grain and of flax seed in such warehouse that no discrimination or selection can be made in the quality or grade of grain or flax seed in the delivery of such grain or flax seed.

Warehouse receipts issued by warehouses so declared regular by the Board of Directors shall be regular for delivery on contracts under the Rules of the Board of Trade so long as the said warehouse shall continue to be a regular warehouse, but the term for which any warehouse is declared a regular warehouse to issue such receipts shall be limited to and expire on the first day of July in each year. No receipts issued on grain received in any warehouse shall be regular for delivery under the Rules of the Board of Trade after that date unless the warehouse upon which it has been issued has again been declared a regular warehouse by the Board of Directors; *provided*, however, that receipts issued before the first day of July by warehouses which have been regular warehouses during the preceding year, but which have not been declared regular for the succeeding year, shall be regular for delivery upon such contracts for six months after the first day of July; but nothing contained herein shall prevent the Board of Directors from declaring any warehouse, or the receipts thereof, irregular at any time for violation or non-compliance with the laws of the State of Illinois or any of the Rules of the Board of Trade or of the Regulations and Requirements of the Board of Directors.

Provided, that the Board of Directors shall have power, when in their judgment an emergency exists requiring more storage room than can be supplied by the regular elevator warehouses, to declare any storehouses, vessels, or places suitable for the storage of grain or flax seed within the city limits—wherein the cost of delivery to vessels or railroad cars shall not be greater than such as is made by the regular elevators for the same service—to be regular places for the storage of grain deliverable under the Rules of the Board of Trade.

Emergency clause.

And *provided further*, that in case it shall happen that at any time there shall be no warehouses which shall be regular warehouses for the storage of grain and flax seed, then the Board of Directors may declare any warehouses suitable for the storage of grain or flaxseed, whose aggregate capacity shall not exceed twenty-five million (25,000,000) bushels, regular warehouses for the storage of grain or flax seed, upon such terms and for such period as the Board of Directors in its discretion may deem necessary or proper, and the warehouse receipts issued by warehouses so declared regular under this proviso, shall be regular for delivery on contracts under the Rules of the Board of Trade, in the same manner as if issued by warehouses declared regular under the foregoing provisions of this section in regard to declaring warehouses regular for the term ending on the first day of July in each year.

Limitation of aggregate capacity of warehouse; made regular under emergency.

All complaints against elevator proprietors under this section shall be heard and decided by the Board of Directors of the Board of Trade of the City of Chicago.

Description of
procedure.

SEC. 2. All deliveries of grain and flaxseed in 1,000 and 5,000 bushel lots; of mess pork, lard or s. p. hams in 50 and 250 package lots; or of meats in lots of 25,000 and 50,000 pounds in store, on time contracts, after 11 o'clock A. M., shall be made in the Exchange hall, or in such other place as may be designated by the Board of Directors, between the hours of 1:30 and 2 o'clock P. M., and shall be made by a notice in writing, which notice shall state on its face the place of business of its issuer. Such notice shall state in detail the warehouse receipts proposed to be delivered, and in the case of provisions in packages, or lard, the packer's brand, and the contract price on which delivery is proposed to be made, also the net cash value (deducting extra storage) of said property at the market price. At a stated hour each day it shall be the duty of the Secretary to post or cause to be posted, in a suitable place, the market price of such grain or provisions as are deliverable on time contracts. Such delivery notice may be passed from one purchaser to another, before 2 o'clock P. M., by indorsement thereon, by the seller, of the name of the party to whom it is to be delivered, together with the contract price at which the property is sold, and also the time at which the delivery is made. The first delivery of such notice shall be made before 1:35 o'clock P. M., and any party holding such notice longer than five minutes, as shown by the indorsements on same of the time of the previous delivery, shall not be permitted to deliver it. "Any person indorsing upon said notices any fictitious name or the name of any person, firm or corporation other than that of the person, firm or corporation to whom he tenders the notice upon a bona fide sale of the property mentioned therein actually made by himself or the firm or corporation he represents or upon the written order of another member, firm or corporation on whose behalf he makes such tender, or who shall make any alteration therein or any substitution of property other than that originally named in the notice by the original issuer thereof, shall be deemed guilty of gross fraud, and, if a member, he shall be suspended or expelled, at the discretion of the Board of Directors, and if not a member, such person shall forever thereafter be excluded from the Exchange hall, delivery and settlement rooms of the Association. All delivery notices issued under this Rule shall be consecutively numbered by the parties issuing them. Notice of readiness to deliver property as herein provided, and all subsequent transfers of such notices, shall be deemed and held to be a valid and sufficient tender of property, on time contracts, under the Rules of this Board of Trade, provided the property is actually delivered, or is shown to have been ready for delivery, in the manner and upon the terms herein provided. It shall be the duty of the party regularly holding such notice at 2 o'clock P. M., to present the same at the office of its issuer before 2:30 o'clock P. M., of the same day, together with a certified check on some Chicago bank,

in good standing, or other satisfactory payment for the net amount due for the property represented by said notice at the market price; and upon tendering said notice, with payment, at the office of its issuer, the holder of said notice shall be entitled to receive the property represented by same. All differences due from or to parties to such delivery shall be paid upon the basis of a full delivery, and no more, and each purchaser receiving notice of delivery shall be responsible to the seller from whom the notice was received for the difference between the price actually paid for the property and their contract price. In cases where the seller's contract price is less than the price actually paid for the property, such seller shall be responsible to the purchaser to whom he delivered the notice, for the difference. All such differences shall be due and payable immediately upon the delivery and payment for the actual property; it being the duty of each person transferring the delivery notice to ascertain what price was actually paid for the property.

Differences,

upon what
based.

On the first business day of each month all deliveries on time contracts of the kinds of property mentioned in this section, if delivered before 11 o'clock A. M., shall be delivered in the Exchange hall, or such other place as may be designated by the Board of Directors, between the hours of 8:30 and 9:15 o'clock A. M., in the same manner and under the same regulations, except as hereinafter provided, as is specified for similar deliveries after 11 o'clock. The delivery notice shall be of the same form and character in all respects as that prescribed for deliveries between 1:30 and 2 o'clock, except that it shall state the net value (deducting extra storage) of the property at the closing market price on the last business day of the previous month, for the delivery on which the property is tendered, which price shall be posted on the bulletin board of the settlement room immediately after the close of the market. The first delivery of the notice shall not be later than 8:35 o'clock, and it shall be the duty of the party regularly holding such notice at 9:15 o'clock to present the same at the office of its issuer before 11:00 o'clock A. M. of the same day, together with a certified check on some Chicago bank, in good standing, or other satisfactory payment, for the net amount due for the property represented by said notice, as hereinbefore provided, and upon tendering said notice with payment at the office of the issuer, the holder of such notice shall be entitled to receive the property represented by the same.

Form of notice.

All differences between the price paid for the property and any contract prices involved in its delivery, due to or from parties to such delivery, shall be adjusted and paid in the same manner and with the same liabilities as in the case of delivery made under this section between 1:30 and 2 o'clock P. M. In case property represented by either of the delivery notices mentioned in this section is not called and paid for as herein provided, it may be held by the issuer of the notice, for and at the expense for storage, interest, insurance, or other risk of the party whom it may concern, until 12 o'clock M. of the next business day, at which time it shall be sold in open market

for account of whom it may concern; or it may be sold, if the notice was delivered before 9:15 o'clock A. M., at any time between 12:30 o'clock P. M. of that day and 12 o'clock M. of the next business day. If the notice was delivered between 1:30 and 2 o'clock P. M., it may be sold at any time between the beginning of trading hours and 12 o'clock M. of the next business day. The party holding the property shall, however, notify the party to whom he delivered the original delivery notice, before 2 o'clock of the same day, of the default, if the delivery notice was delivered before 9:15 o'clock A. M., or before 4 o'clock P. M., if the delivery notice was delivered between 1:30 o'clock and 2 o'clock P. M.—such notice of default to be in writing; and each purchaser receiving said notice of default shall in turn deliver the same, without delay, to the party to whom he passed the original notice of proposed delivery. All expense and risk of carrying property defaulted on, including a commission of one-quarter of one cent per bushel on grain, and one-quarter of one per cent. on the market value of provisions, shall be payable to the party required to make resale, by the party to whom he had the property sold, he to be reimbursed by the one to whom he delivered the notice of delivery, and so on until it is finally paid by the party in default. And in case of such default and resale of property, all differences shall be adjusted, as hereinbefore provided, on the basis of the price at which the property shall have been resold. All parties having property due them on time sales shall be present, or shall be represented by an authorized employe, in the Exchange hall, or such other place as may be designated by the Board of Directors, between the hours of 1:30 and 2 o'clock P. M. of each business day, and on days when the Board adjourns at 12 o'clock M., between the hours of 12:15 and 12:45 o'clock P. M., and on the first business day of each month between the hours of 8:30 and 9:15 o'clock A. M.; and admission to the Exchange hall, or such other place as may be designated by the Board of Directors, shall be denied all parties after 1:30, 12:15 or 8:30 o'clock, as the case may be. Any property which cannot be delivered, owing to the absence of the buyer from the Exchange hall, or such other place as the Directors may have designated for the purpose of delivery, may be sold out by the party having same sold to such absentee, as hereinbefore provided in cases of default; all expenses and risk of carrying the property, commissions, etc., shall be paid by the absentee, the same as in case of default; *provided, however*, such property shall not be sold until the absentee has had notice in writing, either delivered to him in person, to his business representative, at his place of business, or left at the Secretary's office in case he has no regular place of business, that the property was ready for delivery under this Rule on his contract. In case it should appear on complaint duly made to the Board of Directors that any member has been guilty of issuing a notice of readiness to deliver property as herein provided, who had not the property mentioned in such notice in his control or possession at the

time of issuing such notice, or, having issued such notice, shall thereafter dispose of the property, except as herein provided, or who refuses to deliver up such property when demanded, as provided for under this Rule, such party shall be deemed guilty of gross fraud, and shall be suspended or expelled from membership in this Association, under the provisions of Rule IV.

Provided, however, that on all Saturdays when there is a regular business session of the Association, all deliveries shall be made in the Exchange hall; a morning delivery between the hours of 8:30 o'clock A. M. and 9:15 o'clock A. M., in the same manner and under the same regulations, except as hereinafter provided, as is specified for similar deliveries after 11:00 o'clock A. M. The delivery notice shall be of the same form and character in all respects as that prescribed for deliveries between 1:30 and 2:00 o'clock P. M., except that it shall state the net value, deducting extra storage of the property at the closing market price on the immediately preceding business day, for the delivery on which the property is tendered, which price shall be posted upon a suitably designated bulletin board, immediately after the close of the market. The first delivery of the notice shall not be later than 8:35 o'clock A. M., and it shall be the duty of the party regularly holding such notice at 9:15 o'clock A. M. to present the same at the office of its issuer before 11:00 o'clock A. M. of the same day, together with certified check on some Chicago bank in good standing, or other satisfactory payment, for the net amount due for property represented by said notice, as hereinbefore provided; and upon tendering said notice with payment at the office of the issuer, the holder of such notice shall be entitled to receive the property represented by the same; and also, on such Saturdays, an afternoon delivery between 12:30 and 1:00 o'clock P. M., in the same manner and under the same regulations, except as hereinafter provided, as is specified in similar deliveries after 11:00 o'clock A. M.

The delivery notice shall be of the same form and character in all respects as that prescribed for deliveries after 11:00 o'clock A. M. The first delivery of the notice shall not be later than 12:35 o'clock P. M., and it shall be the duty of the party regularly holding such notice at 1:00 o'clock P. M. to present the same at the office of its issuer before 11:00 o'clock A. M. of the next following banking day, together with certified check on some Chicago bank in good standing, or other satisfactory payment, for the net face value of the property represented by said notice, without adding anything additional for interest or insurance, or without deducting any additional storage for the period between the time of delivery and the time of actual payment.

Any excess or deficit within the above limits shall be settled for at the current market upon the day of delivery.

(See Fig. 1.) This will allow the Inspector to insert the trier between the stitches without making holes in the cloth.

FIG. 1.

III.

How to load
sacks.

The Committee on Flour Inspection further recommend to millers, shippers of flour, and railway agents, that in loading cars the following instructions be observed:

One hundred and forty pound sacks should be piled in two tiers lengthwise of the car, the mouths of sacks placed toward center of car (see Fig. 2), leaving the space between the tiers of sacks in the center of the car free and clear for the convenience of the Inspector.

The sacks of flour should be piled as follows: The sacks on the floor to be placed four inches from the side walls of car, and sacks so piled as to gradually incline to the walls of the car until the top rows press strongly against the said walls, as shown in Fig. 2.

REQUIREMENTS FOR GRAIN WAREHOUSES.

IN ORDER THAT THEIR RECEIPTS SHALL BE REGULAR FOR DELIVERY ON GRAIN CONTRACTS.

ADOPTED BY THE BOARD OF DIRECTORS OF THE BOARD OF TRADE.

- Proprietors must be in good credit.** First. The proprietors or managers of such warehouses shall be in unquestioned good financial standing and credit.
- Location.** Second. Such warehouses shall be so situated that they can be conveniently approached by vessels of ordinary draught, and shall be connected by railroad tracks with one or more of the eastern railway lines.
- Facilities.** Third. They shall be provided with modern improvements and appliances for the convenient and expeditious receiving, handling and shipping of grain in bulk.
- Co-operation with registration system.** Fourth. The proprietors or managers shall honestly and cordially co-operate with the system of registration of warehouse receipts as established by law, and furnish to the Registrar all needed information to enable him to keep a correct record and account of all grain, together with the grade thereof, received and delivered by them daily, and of that remaining in store at the close of each week.
- Damage to grain to be reported.** Fifth. The proprietors or managers of such warehouses shall promptly, by the proper publication, advise the trade and the public of any damage to grain or flax seed held in store by them, whenever such damage shall occur to an extent that will render them unwilling to purchase and withdraw from store, at their own cost, all such damaged grain.
- Warehouses may be declared no longer "regular."** Sixth. Any important change in the conditions of any warehouse, or disregard or evasions of the above requirements, shall at any time be a sufficient cause for declaring any such warehouse no longer a regular warehouse within the meaning of the Rules of the Board of Trade.
- Proprietors subject to provisions of statutes of Illinois.** Seventh. The proprietors or managers of warehouses storing flaxseed are required to do so, subject to the provisions regarding grain of Sections 6, 7, 8, 9, 10, 11, 12, 16 and 17, of the law of the State of Illinois, entitled "An Act to regulate Public Warehouses and the Warehousing and Inspection of Grain," etc., approved April 25, 1871.

Provided, that so much only of Section 12 as relates to weekly statements shall be applicable to flaxseed and instead of report being made to the Registrar, report shall be made to the Secretary of the Board of Trade. Weekly statements rendered to Secretary.

Eighth. In the delivery of flaxseed from elevator or warehouse, the quantity of gross seed covered by the warehouse receipt shall be delivered, and any excess or deficiency between the quantity of net or pure seed so delivered, and the quantity of net and pure seed covered by the warehouse receipt shall be paid for to or by (as the case may be) the elevator or warehouse proprietor or manager, at the average market price of the day of delivery. Adjustment of excess or deficit in delivery.

Ninth. The proprietors or managers of such warehouses shall accord every facility to any duly authorized committee, for the examination of their books and records, for the purpose of ascertaining the stocks of all kinds of grain and flaxseed which may be on hand at any time. Such examination and verification shall be made at least twice each year, by the Warehouse Committee, or any other duly authorized committee to be appointed by the President, which committee shall have authority to employ experts to determine the quantity of grain in the elevators, and to compare the books and records of the said regular warehouses with the records of the State Grain Warehouse Registrar. Duty of proprietors in regard to examination of stocks, etc.

Tenth. After the 30th day of June, 1901, no warehouse shall become or remain regular which voluntarily or by the acts of its officers, agents or managers, shall have theretofore qualified, or shall thereafter qualify, in any way upon or with any other Exchange with a view to, or for the purpose of, making the receipts of such warehouse regular for delivery upon such Exchange, or upon contracts entered into upon or under the rules of any other Exchange. Warehouses to become irregular if receipts made regular on any other exchange.

Eleventh. The proprietors or managers of warehouses that are declared regular warehouses for the storage of grain and flaxseed under the rules of the Board of Trade of the City of Chicago and the regulations and requirements of its Board of Directors, are required to have all grain and flaxseed received in and shipped out of such warehouses weighed by the official Board of Trade Weighmaster. Obligations of regular warehouses to have receipts and shipments weighed by Board of Trade Weighmaster.

This regulation to take effect on the first day of March, A. D., 1902.

Registrars.

Fourth. The Provision Registrar of the Board of Trade of the City of Chicago shall appoint, at his discretion, a sufficient number

of Deputy Registrars, subject to the approval of the Committee on Provision Inspection, whose duty it shall be to make daily written reports to the Registrar, of all property found by them in store and represented by Registered Provision Warehouse Receipts, registered under the Rules and Regulations of the said Board of Trade; such written reports to accurately describe each and every lot of provisions so represented, and to be submitted in such form and detail that an exact comparison may easily be made with each Registered Warehouse Receipt, registered and issued as aforesaid; and in every instance to be based upon official and personal identification of the property described in said returns.

Duties of Registrar in preparing and submitting reports.

It shall be the duty of the Registrar to daily compile and formulate the reports of his deputies rendered under this Regulation, in such form that the quantities and descriptions of each kind of property represented by Registered Warehouse Receipts in all "regular" provision warehouses shall be clearly, definitely and fully stated.

And, further, it shall be the duty of the said Registrar to record, or cause to be recorded, such daily compilation, in a book prepared under his direction, for the special purpose of providing information with reference to provisions said to be stored in "regular" warehouses and represented by Registered Warehouse Receipts; the said book to be kept in the office of the Registrar, and to be accessible during business hours to members of this Association.

Fifth. All such warehouse proprietors or managers shall promptly report to the said Registrar, as the same shall come to their knowledge, any information touching the condition of any property held in store by them, under Registered Warehouse Receipts, that will tend to impair its value, and which it may be important and proper should be known to the trade.

Duty of proprietors or managers to report any irregularities.

Sixth. It shall be the duty of the Board of Directors prior to the first day of June in each year to inspect, or cause to be inspected, all warehouses for the storage of provisions, the proprietors or managers of which shall apply to have the same declared "regular" under the Rules of the Board of Trade, and no warehouse shall be declared a regular warehouse for the storage of provisions, which shall not comply with the Rules of the Board of Trade and these requirements, nor until the proprietors of such warehouse shall have filed a bond in the form and conditioned as provided in the Rules of the Board of Trade and in the amount fixed by the Board of Directors, and such bond shall have been approved by the Board of Directors. Warehouse receipts for provisions issued by warehouses so declared regular by the Board of Directors shall be regular for delivery on contracts under the Rules of the Board of Trade so long as the said warehouse shall continue to be a regular warehouse for the storage of provisions, but the term for which any warehouse is declared a regular warehouse for the storage of provisions to issue such receipts shall be limited to and expire on the first day of June in each year. No receipts issued on provisions stored in any ware

house after that date shall be regular for delivery under the Rules of the Board of Trade, unless the warehouse upon which it has been issued has again been declared a regular warehouse by the Board of Directors; but receipts for property in store in such warehouse at that date shall continue to be regular for such delivery so long as the property remains intact in such warehouse.

Time of application.

Application may be made after the first day of June in any year to have a warehouse declared regular, and the Board of Directors may declare such warehouse regular in accordance with and subject to the provisions of said rules and requirements.

Warehouses may be declared no longer "regular,"
Proviso.

Seventh. Any regular warehouse may, for good and sufficient reasons, satisfactory to the Board of Directors of the Board of Trade, be declared no longer a regular warehouse for the storage of provisions under the Rules of the Board of Trade, *provided*, property already in store in such warehouse shall continue to be regular on delivery so long as it remains intact in such warehouse.

Protection of holders of receipts against switching charges.

Eighth. The proprietors or managers of a regular warehouse shall pay any and all charges for switching cars to and from any warehouse for the purpose of loading property for delivery from such warehouse, and shall keep the holders of the receipts for such property free from all liability for such charges.

Ninth. REGULATIONS GOVERNING THE TRADE IN HOPS.

First. It shall be the rule that a bale of hops shall weigh not less than one hundred and seventy-five (175) nor more than two hundred (200) pounds ; but the tender or delivery of any lot of hops on a sale or a contract, averaging one hundred and eighty-five (185) pounds to one hundred and ninety-five (195) pounds shall be deemed a compliance with this rule.

**Weight of a
bale.**

Second. The sacking of hops shall not weigh more than twenty-four (24) ounces per yard, and seven (7) pounds shall be deducted from the weight of each bale as tare ; and any additional weight of sacking, or any extraneous matter, shall be considered as irregular, and the seller be liable to the purchaser for such excess.

Sacking.

Third. Each and every bale of hops sold must be marked with the growers' name or initials, and the name of the State where the hops have been raised, and the year produced.

bales.**

REGULATIONS

—OF THE—

Clearing House of the Board of Trade of the City of Chicago.

I

The style and address of every business house making clearings, and, in the case of a corporation, the names of the officers and directors thereof, and, in the case of a firm, the names of the individual members thereof, must be registered at the Clearing House; and any subsequent changes in such style or address, or in the officers or directors of any corporation or in the individual members of any firm, must also be registered.

The manager shall prepare suitable blanks for furnishing the information required by this regulation, which shall be filled out by the business houses using or desiring to use the Clearing House.

II.

Printed reports to show the net balances, as provided in General Rule No. XXII, Section 6, Paragraph 2, must be obtained at the Clearing House.

III.

Parties whose reports shall show a net balance against them shall accompany the report with a check for the said net balance, made payable to the order of Chicago Board of Trade Clearing House. Such check must be certified, under penalty of a fine of five dollars. No money will be accepted, but the checks of the Clearing House may be used in payment of balances.

IV.

All reports must be in the Clearing House by 11 A. M., of each business day, under penalty of a fine of five dollars if tardy, and the posting of the delinquent party on 'Change at 12 M., except on days when the exchange room is closed at 12 o'clock M., when the names of delinquents shall be posted at 11:30 A. M.

V.

Parties having no items to clear must so report in writing, *under penalty of a fine of one dollar for neglect of such report*; and parties whose reports may be equal on both sides, and those whose reports show a credit balance, must put them in the Clearing House, under penalty, as provided in Art. IV above.

N. B.—To insure accuracy and expedite the clearings, parties must be sure the amounts claimed are mutually agreed upon and correct. A penalty of one dollar will be collected of any party claiming from or allowing to another party a wrong amount, and also for each error in footing or subtraction. All doubtful items must be excluded from the report.

VI.

If a claim is not allowed by the debtor party, the claimant must, on notice thereof, pay to the Clearing House by certified check the amount claimed; such payment to be made before 1:00 P. M., under penalty of a fine of five dollars.

VII.

In case a party, in his report, allows another party an amount in excess of that claimed by the second party, the excess will be refunded to the first party.

VIII.

The charge for clearing, as provided by the Rules, has been fixed at one cent for each item in each report, the same to be paid monthly on presentation of the bill by the Clearing House. Fines to be paid at time of notification that the same have been incurred, under penalty of the withholding of the next amount due such debtor or reporting the delinquency to the Board of Directors.

IX.

Parties whose reports show a net balance in their favor may call for check after 2:30 P. M.

X.

No reports shall be amended after 11 A. M.

XI.

Office hours shall be from 9 A. M. to 3:30 P. M.

XII.

No firm shall be allowed the privileges of the Clearing House while any member of said firm is under sentence of suspension by the Board of Directors.

XIII.

No corporation shall be allowed the privileges of the Clearing House while any officer of said corporation is under sentence of suspension by the Board of Directors. And whenever the President or Secretary of any corporation enjoying the privileges of the Clearing House shall have been expelled or suspended for misconduct in connection with the business of said corporation, such corporation shall thereafter and during the period of such suspension be entitled to the privileges of the Clearing House only after favorable action of the Board of Directors upon its written application for such privileges.

XIV.

Any corporation applying for membership in the Clearing House of the Board of Trade of the City of Chicago, may be admitted to such membership only upon recommendation of the Clearing House Committee, in the exercise of its discretion, and upon approval by at least ten affirmative ballot votes of the Board of Directors; *provided*, that three negative ballot votes are not cast against any such corporation.

XV.

When any member of the Clearing House, whether person, firm or corporation, is, in the opinion of the Clearing House Committee, using such Clearing House for the purpose of clearing the business of a member suspended from the privileges of the Board or one expelled therefrom, or of a corporation a stockholder of which is suspended from the privileges of the Board or expelled therefrom, the Clearing House Committee shall report such fact to the Board of Directors, who, in the exercise of its discretion, may deprive such a person, firm, or corporation of the privileges of the Clearing House for such period as they may see fit; the intent hereof being to prevent any membership in the Clearing House being used as a subterfuge to enable one suspended or expelled from the Board to still enjoy the advantages of the Clearing House, but not to prevent a member from clearing the individual trades made for the account and personal benefit of one suspended or expelled from the Board.

XVI.

Applications by persons or firms for membership in the Clearing House of the Board of Trade of the City of Chicago must be submitted to the Clearing House Committee and passed upon favorably by them before applicants will be entitled to the privileges of the said Clearing House of the Board of Trade of the City of Chicago.
